"Consistent with Federal cost principles Cornell University estimates personnel time as a percentage of total effort, or level of effort basis. Cornell University does not track work hours for FSLA exempt staff, and is unable to provide billing or time records based on hours. For the purpose of this request only, we have estimated hours by converting the level of effort using a 39 hour standard work week for non-academics and a 40 hour work week for academics. One 100% FTE for one year is 2028 hours for non-academics and 2080 hours for academics. Number of employees was calculated as number of employee/year x number of years of contract."
