

NEW YORK LOCAL GOVERNMENT ASSISTANCE CORPORATION

2021-22 MISSION STATEMENT AND MEASUREMENTS

MISSION STATEMENT

Created on June 11, 1990, the New York Local Government Assistance Corporation's ("Corporation" or "LGAC") mission consists of three main goals, which, when met, directly benefit the State, the City of New York and other local governments and school districts. The goals are identified as follows: 1) The issuance of up to \$4.7 billion in long-term Corporation bonds to finance certain local assistance payments due from the State (as well as certain other amounts necessary for the issuance of such LGAC bonds) to help eliminate the State's reliance on the annual issuance of intra-year tax and revenue anticipation notes ("Spring Borrowing"); 2) Manage a) the Corporation's debt portfolio through maturity in an attempt to achieve a balance between the lowest cost of funds and appropriate market risk levels while maintaining the exclusion of interest on LGAC debt from federal and State income taxation, b) the Corporation's operational costs efficiently, and c) the investment of (i) funds until needed for debt service payments or operating expenses, (ii) monies in the Capital Reserve Fund, and (iii) any escrow funds; and 3) Beginning in 2004, certify on an annual basis, payments required to be made to the City of New York or its assignee from the Local Government Assistance Tax Fund.

MEASUREMENTS

Goal #1: Issue up to \$4.7 billion in long-term Corporation bonds to finance certain local assistance payments due from the State (as well as certain other amounts necessary for the issuance of such LGAC bonds) to help eliminate the State's reliance on the annual issuance of intra-year tax and revenue anticipation notes (Spring Borrowing).

Measurement of Goal #1:

Q. 1. What is the total amount of bonds issued by the Corporation?

Response: LGAC issued the last of the long-term bonds authorized by statute in SFY 1995-96. The bond proceeds were used for the statutorily authorized purposes. Therefore, LGAC has concluded this component of its mission.

Goal #2: Manage a) the Corporation's debt portfolio through maturity in an attempt to achieve a balance between the lowest cost of funds and appropriate market risk levels while maintaining the exclusion of interest on LGAC debt from federal and State income taxation, b) the Corporation's operational costs efficiently, and c) the investment of (i) funds until needed for debt service payments or operating expenses, (ii) monies in the Capital Reserve Fund, and (iii) any escrow funds.

Measurement of Goal #2:

Q. 1. Has the Corporation ensured that debt service and related support payments relative to the Corporation's bonds have been made accurately and in a timely manner?

Response: During fiscal year 2021-22, the Corporation made all debt service and related portfolio support payments, as it has done in all previous years, accurately and in a timely manner.

Q. 2. Has the Corporation worked with Bond Counsel to insure that it took steps necessary to maintain the exclusion from income taxes of interest on Corporation debt?

Response: With respect to each conversion or issuance of refunding debt the Corporation consults with bond counsel and its financial advisor to appropriately size the debt service reserve funds related to its bonds to ensure that tax requirements are met. Also, the Corporation utilizes the services of a verification agent where necessary and an arbitrage rebate calculator to ensure that it complies with all rebate and yield restriction requirements and annually reviews available State funds to ensure that tax requirements are met.

Q. 3. Has the Corporation effectively managed the investment of its funds?

Response: The Corporation invests funds on hand until they are needed to make debt service payments or for other operational expenses. During the past fiscal year, the Corporation's funds were safeguarded at all times in all material respects. The Corporation also met its other investment objectives, including to obtain the maximum yield consistent with safety of principal; and to maintain the tax-exempt status of LGAC's bonds.

Q. 4. Has the Corporation ensured that its operations were run efficiently?

Response: The Corporation's Enabling Act includes a provision that in order to reduce its operating expenses the Corporation shall, to the extent practicable, utilize existing employees of the State, hiring its own employees only if the necessary functions of the Corporation cannot be performed without the hiring of such employees. Currently, State officers and employees act as officers and staff of the Corporation and receive no compensation from LGAC for services provided to the Corporation. Additionally, the Corporation has always relied upon State employees to support the functions of the Corporation and has never hired its own employees.

Goal #3: Beginning in 2004, certify on an annual basis through 2021 payments required to be made to the City of New York or its assignee from the Local Government Assistance Tax Fund.

Measurement of Goal #3:

Q. 1. Has the annual payment due to the City of New York or its assignee, the Sales Tax Asset Receivable Corporation, from the Local Government Assistance Tax Fund been appropriately certified?

Response: The Corporation completed the required certification of the payment to be made to the Sales Tax Asset Receivable Corporation during fiscal year 2021-22 and has done the same for all previous fiscal years, where required. No future payments are required, as all the conditions to terminate the payments as stated in Section 3238-a of the Public Authorities Law have been met.
