SELECTION OF PERSONAL SERVICE CONTRACTORS

400. Application of this Article

This Article shall apply to the selection of Investment Banking Services for negotiated or private sales of Corporation bonds, notes, or other obligations and shall apply to providers of services who are subject to formal contract award and other providers of services who are appointed by the Corporation Directors, but whose appointment is not governed by a contract.

401. Use of Personal Service Contractors

It is the preference of the Corporation Directors that Corporation responsibilities be performed by New York State or Corporation employees assigned to provide services to

the Corporation, and that, when Personal Service Contractors are used, contractors be selected from as broad a spectrum of providers as is practical and contracts be awarded consistent with the quality of service required at fair and reasonable prices. Personal Service Contractors shall be used only when it has been determined by the Directors or by a Corporation Officer, as authorized by the Corporation Directors, that such service is necessary or convenient to the performance of Corporation responsibilities.

402. Selection and Approval of Personal Service Contractors

1. Source Selection Methods

The Corporation shall select personal service contractors in accordance with the following selection methods:

a. Invitation for Bids (“IFB”)

Solicitation of price bids for specified services, to be awarded to qualifying personal service contractors primarily on the basis of the lowest price. Competitive bids are to be solicited when the services required are of a standardized nature that may reasonably be made the subject of detailed specifications to which bidders respond with required qualification data and price offers.

b. Requests for Proposals (“RFP”)

Solicitation of specific proposals responsive to the solicitation that indicate an understanding of the financial, legal, organizational and logistical requirements and technical problems involved in the solicitation, which also detail elements of performance including techniques and procedures, together with price. Award of a contract with this method is made on the basis of a formal evaluation of the characteristics, quality and cost of such proposals. Whenever possible, the RFP must state the Corporation’s basis for award, including the general process for evaluation of the proposals and award of contract, including the relative weight of technical merit versus cost. Before evaluation of the proposals commences, a Corporation Officer or designee must approve a detailed written procedure with instructions for evaluation for the review of proposals and must distribute the procedure to all involved in the evaluation process. The method of evaluation should include, where applicable, provision for numerical ranking of proposals, according to stated evaluation criteria. Evaluations of interviews of proposers (if required) shall also be done based on criteria stated in the evaluation procedure. The Corporation shall document the evaluation results and explain the process for selection and the basis for award in its recommendation to the Corporation’s Directors for approval of the award of the winning proposal.

c. Sole and Single Source

A contract for a required service may be awarded without competitive procedures when an authorized Officer or agent of the Corporation determines in writing that (i) there is only one source for a required service and the price offered is reasonable; or (ii) there is more than one source for a required service but one vendor is so uniquely qualified that competition would not be useful, and the price offered is reasonable. In either case, the contract for that service may be awarded without competitive procedures.

d. Emergency

In the case of an emergency arising out of an accident or other unforeseen occurrence or condition whereby circumstances affecting funds of the Corporation, property of the Corporation or life, health, or safety require immediate action which cannot avail competitive procedures, an authorized Officer or agent of the Corporation may award a contract without competitive procedures. A record setting forth the circumstances under which a contract was let shall be maintained for a period of at least one year following the date of approval of the Corporation's next Annual Report on Procurement Contracts.

e. Legal Services

The Corporation will ordinarily select firms to provide Legal Services through a Request for Proposal process. However, the Corporation may select contractors for legal services from a pre-qualified group of potential contractors. The pre-qualified group shall be selected after a competitive process taking into account qualifications, performance data and the reasonableness of cost. Any pre-qualified group shall be updated and/or recertified annually. Contract awards shall be based upon responses received from the prequalified group for the specific services then required.

f. Noncompetitive Procedures

Without complying with competitive procedures, the Corporation may award personal service contracts (i) valued below \$50,000, or (ii) valued at or below \$500,000 to small business concerns or those certified as an M/WBE and/or SDVOB, or (iii) without regard to monetary thresholds when the Directors unanimously determine that it is in the best interest of the Corporation to do so and approve a resolution stating the reasons therefor.

g. Advertisement Requirements for Competitive Sources Selection Methods

The solicitation of bids, proposals, or submissions of qualification data for personal service contracts shall be made by the Corporation in a manner determined by an authorized Officer or agent of the Corporation to be the most cost effective for providing reasonable competition for the

Corporation's personal service contracts. This may include advertisement in appropriate newspapers or trade journals, direct mailings to firms considered qualified and such other outreach mechanisms as are consistent with the policy of these Guidelines, including the M/WBE and SDVOB provisions thereof. Notice of procurement contract opportunities must be advertised in *The New York State Contract Reporter* as required by Article 4-C of the Economic Development Law.

- h. All contracts for Personal Services shall be limited to a maximum of one year unless the Corporation Directors by resolution determine that a longer period for a particular contract is in the best interest of the Corporation. Contracts for periods of longer than one year must be approved by Directors' resolution and reviewed annually by the Directors. Contracts for Legal Services and Financial Advice shall not be longer than five years, including the initial contract period and any contract extensions approved by the Corporation's Directors.
- i. All contracts for Personal Services shall be in writing and approved by an authorized Officer or agent of the Corporation.
- j. The form of all contracts for Personal Services shall be approved by the Corporation's Counsel.
- k. The Corporation Directors may select a team of senior managing underwriters through an RFP process managed by the Comptroller in his role as Exclusive Agent for the private sale of Corporation bonds or notes.

2. Debriefings – Protests

Where the Office of the State Comptroller conducts a procurement for the Corporation, the Corporation will provide unsuccessful offerers the opportunity for debriefings and protests in accordance with the Office of the State Comptroller's debriefing and protest procedures for OSC procurements.

403. All contracts for Personal Services, where required, shall be submitted to the Office of the State Comptroller's Bureau of Contracts for review and approval.

ARTICLE V

SELECTION OF VENDORS AND SUPPLIERS FOR THE PURCHASE OF GOODS

501. Except as otherwise permitted or specified under these Guidelines, in the procurement of furniture, equipment, and supplies for the Corporation, the Corporation shall perform the following tasks:
- 1. Establish a realistic furniture, equipment, and supplies budget;
 - 2. Place advertisements for goods and services in the same manner as described in 402.1.g. of these Guidelines;

3. Perform a comparative pricing and cost analysis for each item needed, including prices of those items which are available through the State Office of General Service contracts;
 4. Prepare contracts and/or purchase orders for the acquisition of all commodities. Use of State contracts is preferable when the items are available at lower cost;
 5. Monitor vendors for quality control and timely deliveries;
 6. Verify the quantities received and the quality of the products in light of the specifications, and monitor the vendor invoices for timely payments; and
 7. If the estimated cost of the goods exceeds \$50,000, a competitive bidding procedure will be followed unless (i) the Directors unanimously determine that it is in the best interest of the Corporation not to use the competitive process, and approve a resolution stating the reasons therefor, or (ii) the estimated cost of the goods does not exceed \$500,000 and the goods are purchased from small business concerns or those certified as an M/WBE and/or SDVOB, or (iii) the goods or technology are recycled or remanufactured.
- 502.** All contracts for procurement of goods, where required, shall be submitted to the Office of the State Comptroller's Bureau of Contracts for review and approval.

ARTICLE VI

M/WBE PARTICIPATION IN CONTRACTS OF THE CORPORATION

- 601.** The Corporation shall, in the procurement of goods and services, comply with Article 15-A of the Executive Law and Section 2879 of the Public Authorities Law. The Co-Executive Directors of the Corporation shall designate one or more senior staff of the Corporation to oversee the compliance efforts and to report directly to the Co-Executive Directors in regard to such efforts. The Corporation shall, in order to promote the use of MBEs and WBEs in procurement contracts and the provision of investment banking services, solicit offers from M/WBEs known to have experience in the area of the goods and services to be provided, regardless of the type of contract or investment banking services and the Corporation shall advertise procurement opportunities to professional and other organizations that serve M/WBEs providing the types of goods and services being procured by the Corporation.
- 602.** The Corporation shall maintain lists of qualified certified M/WBEs, including professional firms that have expressed an interest in doing business with the Corporation, and ensure that such lists are updated regularly. The Corporation shall also consult the lists of certified M/WBEs maintained by the NYS Department of Economic Development's Division of Minority and Women's Business Development.
- 603.** The Corporation shall establish appropriate goals for participation by M/WBEs as subcontractors, suppliers, partners and joint-venturers, in procurement contracts awarded by the Corporation, and for the utilization of M/WBEs as subcontractors and suppliers by entities having such contracts with the Corporation.

- 604.** If the performance of any contract or appointment for investment banking services permits or requires the use of a subcontractor, supplier, partner or joint-venturer, the Corporation shall establish appropriate goals for participation by M/WBEs in such contracts awarded by the Corporation and for the utilization of M/WBEs in such contracts.
- 605.** The Corporation shall conduct procurements in a manner that will enable the Corporation to achieve the maximum feasible portion of the established goals and that eliminates barriers to participation by M/WBEs. To accomplish this, the Corporation shall:
1. Implement measures and procedures (i) to ensure that certified M/WBEs be given the opportunity for maximum feasible participation in the performance of the Corporation's contracts and (ii) to assist in the Corporation's identification of those Corporation contracts for which certified M/WBEs may best bid to actively and affirmatively promote and assist their participation in the performance of the Corporation's contracts so as to facilitate the Corporation's achievement of the maximum feasible portion of the goals for the Corporation's contracts to such M/WBEs;
 2. Designate the Division of Minority and Women-Owned Business Development to certify and decertify M/WBEs for the Corporation through a process that meets applicable State and federal requirements;
 3. Set forth in each contract solicitation document accompanying each solicitation the expected degree of M/WBE participation based, in part, on:
 - a. The potential subcontracting opportunities available in the prime procurement contract; and
 - b. The availability of certified M/WBEs that are ready, willing and able to serve as subcontractors, suppliers, partners and joint-venturers to respond competitively to the potential subcontracting opportunities;
 4. Provide or direct each prospective contractor to a current list of certified M/WBEs;
 5. State in solicitations the fact that, in addition to subcontractors and suppliers, a proposer may count the M/WBE portion of a joint-venture or partnership toward meeting its M/WBE participation goal;
 6. State in solicitations that the Corporation may waive M/WBE obligations of the contractor relating to M/WBE participation after a showing of good faith efforts to comply with the requirements of Article 15-A of the Executive Law, pursuant to the waiver provisions contained in subdivisions six and seven of Section 313 of the Executive Law;
 7. Verify that M/WBEs listed in a successful proposal are actually participating to the extent listed in the project for which the proposal was submitted and, to the extent practicable, upon completion of the restrictive period of a procurement, when notifying a selected proposer, also notify any M/WBE identified in the contractor's submitted utilization plan of such contractor's receipt of the winning bid; and

8. In the implementation of the above, the Corporation shall:
 - a. Consider, where practicable, the severability of construction projects and other bundled contracts;
 - b. Implement a program that will enable the Corporation to evaluate each contract to determine the appropriateness of the goal;
 - c. Consider compliance with the requirements of any federal law concerning opportunities for M/WBEs which effectuates the purposes of the above; and
 - d. Consult the most recent disparity study pursuant to Article 15-A of the Executive Law.

606. Where the purchase of goods or services does not exceed \$500,000, the Corporation may, where appropriate, engage in non-competitive solicitations with the goal of making awards to small business concerns or those certified as M/WBEs, or awards for the purchase of goods or technology that are recycled or remanufactured, in accordance with Section 2879 of the Public Authorities Law.

ARTICLE VII

SDVOB PARTICIPATION IN CONTRACTS OF THE CORPORATION

701. The Corporation shall, in the procurement of goods and services, comply with Article 17-B of the Executive Law and related regulations which outline the standards, criteria and procedures by which the Corporation sets annual goals for direct and indirect contract opportunities with SDVOBs, and the process by which these master goal plans are submitted and procedures and consequences in the event established goals are not met without a good faith effort to maximize contractual opportunities for certified SDVOBs. This includes but is not limited to provisions contained in the following sections of this Article VII.

704. In addition to the provisions contained in Article IV and Article V, the Corporation may, in order to afford certified SDVOBs the opportunity for meaningful participation in the performance of contracts for goods and services where SDVOB contract goals are practical, feasible and appropriate: (i) utilize set-asides for SDVOBs in accordance with established regulations and guidelines related to such use; and, (ii) utilize contract goal-

setting, identifying the required percentage of SDVOB participation on a qualified procurement. The Corporation shall require contractors to submit utilization plans for achieving contract goals established for the participation of certified SDVOBs performing commercially useful functions in relation to Corporation contracts. A form for the utilization plan shall be provided by the Corporation.

705. The Corporation, in accordance with the requirements in 9 CRR-NY 252.2(s), shall include a provision in its contracts expressly providing that any contractor who willfully and intentionally fails to comply with the SDVOB participation requirements as set forth in such Corporation contract shall be liable to the Corporation for damages as otherwise specified in the contract, and shall provide for other appropriate remedies on account of such breach. STANDARD CLAUSES FOR ALL NEW YORK LOCAL GOVERNMENT ASSISTANCE CORPORATION CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party other than the New York Local Government Assistance Corporation (hereinafter “Corporation”) or the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE.

The Corporation shall have no liability under this contract to the Contractor or anyone else in excess of moneys available to the Corporation for the purpose of making payments pursuant to this contract. The Corporation expects to have moneys available to it only from the proceeds of bonds issued by the Corporation or appropriations by the Legislature of the State of New York. In accordance with Section 3240 of the Public Authorities Law, the State of New York (hereinafter the “State”) shall have no liability under this contract and is not obligated to appropriate moneys to the Corporation. No contractor shall have the right to force the Corporation to issue its bonds to make moneys available for payment pursuant to any contract.

2. NON-ASSIGNMENT CLAUSE.

This contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of the Corporation and any attempts to assign the contract without the Corporation’s written consent are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of this contract may be waived at the discretion of the Corporation where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The Corporation retains its right to approve an assignment and to require that any proposed assignee (successor Contractor) demonstrate its responsibility to do business with the Corporation. The Contractor may, however, assign its right to receive payment without the Corporation’s prior written consent.

3. WORKERS’ COMPENSATION BENEFITS.

This contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

4. NON-DISCRIMINATION REQUIREMENTS.

In accordance with Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of race, creed (including the wearing of any attire, clothing, or facial hair in accordance with the requirements of his or her religion), color, sex (including gender identity and expression and the status of being transgender), national origin, sexual

orientation, military status, age, disability, predisposing genetic characteristics, familial status, marital status or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex (including gender identity or expression) or national origin: (a) discriminate in the hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex (including gender identity or expression) or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

5. WAGE AND HOURS PROVISIONS.

If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the Corporation of any Corporation approved sums due and owing for work done upon the project.

6. NON-COLLUSIVE BIDDING CERTIFICATION.

In accordance with Section 2878 of the Public Authorities Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the Corporation a non-collusive bidding certification on Contractor's behalf.

7. INTERNATIONAL BOYCOTT PROHIBITION.

In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm,

partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the Federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the Corporation within five (5) business days of such conviction, determination, or disposition of appeal.

8. SET-OFF RIGHTS.

The Corporation shall have the right of set-off. This right shall include, but not be limited to, the Corporation's option to withhold for the purposes of set-off any moneys due to the Contractor under the contract up to any amounts due and owing to the Corporation or the State with regard to this contract or any other contract with the Corporation, including any contract for a term commencing prior to the term of this contract.

9. RECORDS.

The Contractor shall establish and maintain complete and accurate books, records, documents, accounts, and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). (a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on Corporation contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) At the request of the Corporation, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the contractor's obligations herein; and

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the Corporation's contract, all qualified applicants will be afforded equal

employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of “a”, “b” and “c”, above in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovations, planning or design of real property and improvements thereon (the “Work”) except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The Corporation shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The Corporation shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the Corporation shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development’s Division of Minority and Women’s Business Development pertaining hereto.

SECTION II

EXPLANATION OF THE CORPORATION'S PROCUREMENT CONTRACT GUIDELINES INCLUDING STANDARDS FOR THE SELECTION OF PERSONAL SERVICE CONTRACTORS

The Corporation's Procurement Guidelines were issued on September 4, 1990 and were most recently amended and approved by the Corporation's Board of Directors pursuant to Resolution 2020-06. The Procurement Guidelines contained in Section I are the Corporation's Procurement Guidelines which are currently in effect.

The Corporation's Procurement Guidelines describe, among other provisions:

- The areas of responsibility and oversight requiring the use of procurement contracts and the reasons for the use of procurement contracts in such areas;
- The requirements regarding the selection of contractors;
- The types of contracts for which the Corporation should solicit Minority and Women-Owned Business Enterprise ("M/WBE") and Service-Disabled Veteran-Owned Business ("SDVOB") participation; and
- Standard provisions to be made a part of procurement contracts.

In addition to the Procurement Guidelines, the Corporation had previously adopted the Executive Order No. 10 Task Force's Best Practices in procuring Underwriter, Legal and Financial Services ("Best Practices"). The Best Practices seek to increase the utilization of M/WBEs, which is consistent with the spirit and intent of Article 15-A of the New York State Executive Law, the provisions of which also apply to the Corporation. The Corporation also previously adopted provisions in its Guidelines pursuant to Article 17-B of the Executive Law related to participation by SDVOBs with respect to State Contracts.
