Policy Regarding Use of Placement Agents by Investment Managers

In order to preserve the independence and integrity of the New York State Common Retirement Fund (“CRF” or “the Fund”), the Comptroller has determined that it is in the best interest of the Fund to prohibit the Fund (directly or indirectly) from engaging, hiring, investing with, or committing to, an outside investment manager (“Investment Manager”) that is using the services of a placement agent, registered lobbyist or other intermediary (collectively, “Placement Agent”) to assist the Investment Manager in obtaining investments by the Fund, or otherwise doing business with the Fund, whether compensated on a flat fee, a contingent fee, or any other basis. This Policy is designed to prevent conflicts of interest or the appearance of conflicts of interest in CRF’s investment decision-making process, and ensure that investment decisions are made for the sole benefit of CRF’s participants and beneficiaries, as well as to ensure the integrity of the CRF decision-making process.

The Comptroller, acting as a fiduciary to CRF, has determined that the disclosure and notification requirements set forth in this Policy are a threshold issue for all Investment Managers. Compliance is mandatory and will not be waived.

It is the policy of the Comptroller that all potential Investment Managers have open access to CRF investment staff. As such, it is not necessary for an Investment Manager to use a Placement Agent to gain access to CRF staff, and the use of a Placement Agent is not part of the investment decision-making process of the Comptroller or his staff.

I. Managers That Must Provide Disclosure

- A. The following entities must provide the appropriate disclosure as outlined in Section III below:
 - i. Investment Managers that have a direct contractual investment-management relationship with CRF or with an investment vehicle in which CRF is invested (“Direct Investments” and “Direct Investment Managers”).
 - ii. Investment Managers that have an indirect contractual investment management relationship with CRF (“Indirect Investments” and “Indirect Investment Managers”) through an investment vehicle that invests in funds or other pooled investment vehicles or other assets (“Underlying Investments”) and for which CRF has the right to decline investments recommended by the Investment Manager or can otherwise exercise discretion with respect to investments.
- B. The investments referenced in subsections (i) and (ii) of Section I above will collectively be referred to as “Investment Transactions.”

II. Form of Disclosure

- A. The Investment Manager shall provide disclosure in the form of a letter (“Placement Agent Disclosure Letter”) addressing all requirements specified in Exhibit A.

III. Disclosure Review Process

- B. CRF staff will notify the Chief Investment Officer, Inspector General and the Deputy Counsel if a party acting in what appears to be the role of a Placement Agent contacts CRF regarding an Investment Transaction. Investment Counsel will communicate with the Investment Manager to determine whether accurate disclosure was made and will inform the Inspector General and the Deputy Counsel.

IV. Failure to Comply with Placement Agent Disclosure Letter Requirement

- A. In the event that the Investment Manager fails to comply with the Placement Agent Disclosure Letter requirement, or makes a material misstatement or omission in such Letter, CRF shall have the option, in its sole discretion and without liability to the Investment Manager, to terminate its investment relationship with the Investment Manager. Termination of the relationship may take the following forms:
 - i. Public equity managers: termination of the investment management agreement. If investments are not held by CRF's custodian, CRF will have the option of receiving a distribution of securities or requiring that the Investment Manager make payment to CRF in cash.
 - ii. Private equity managers: termination of CRF's obligation to make future capital contributions.
 - iii. Real estate opportunity funds: termination of CRF's obligation to make future capital contributions.
 - iv. Other real estate investments: removal of the General Partner, forfeiture of its carried interest and termination of CRF's obligation to make future capital contributions.
 - v. Absolute return strategies: immediate redemption of the investment.
 - vi. Opportunistic Investments: termination of the relationship may take any of the forms listed in i-v above
 - vii. Real Asset Investments: : termination of the relationship may take any of the forms listed in i-v above
 - viii. Fixed Income manager: termination of the investment management agreement. If investments are not held by CRF's custodian, CRF will have the option of receiving a distribution of securities or requiring that the Investment Manager make payment to CRF in cash.

In each case, termination of the relationship shall occur either immediately or on such date as CRF shall, in its sole discretion, specify. All contracts entered into by CRF will contain language providing for such termination.

- B. CRF will have the sole right to determine whether a misstatement or omission by an Investment Manager is material.
- C. Any management or other agreement between CRF and an Investment Manager will permit termination by CRF pursuant to this Policy without penalty to CRF.
